## JUSTICE BREWER PASSES AWAY

Supreme Court Member Victim  
of Apoplexy.

END COMES UNEXPECTEDLY

Although the Aged Jurist Had Not  
Been Feeling Well for the Past Few  
Days, It Was Not Thought That His  
Condition Was Serious—Was Ap-  
pointed to Supreme Court by Presi-  
dent Harrison.

Washington, March 29.—David  
Josiah Brewer, associate justice of the  
supreme court of the United States,  
is dead as the result of a stroke of  
apoplexy. His death followed within  
a minute or two, before he could be  
carried to his bed. Mrs. Brewer was  
with him when the end came. Mr.  
Justice Brewer was seventy-three  
years old.

The end came altogether unexpect-  
edly. Although he had not been feel-  
ing well for the past few days the  
aged jurist was out and apparently in  
the best of health and spirits. He  
was in equally good spirits at dinner  
and spent the evening in reading.

He retired to his room and within  
a few minutes Mrs. Brewer heard a  
heavy fall and went to investigate the  
cause. She found her husband prone  
on the floor of the bathroom. He did  
not regain consciousness and died be-  
fore a physician, hastily summoned,  
could reach the house.

The two daughters of the jurist,  
Mrs. James F. Karrieh and Mrs. H. J.  
Jettmore, were summoned at once, but  
reached the residence too late.

Mr. Justice Brewer came to the su-  
preme court of the United States from  
the federal court in Kansas. He was  
the second oldest member of the  
court, Mr. Justice Harlan only being  
his senior. He was regarded as the  
most democratic of all the members  
of the court. He was the one man on  
the bench who had proof copies of  
his opinions prepared for the news-  
papers and this he did consistently.

Sympathies With the West.  
Another characteristic of the jurist  
was that he never took any of the  
time of the court or the public in  
announcing his opinions. He would  
give only in a few words his conclusions  
and then hand down the proof sheets  
of his opinion, always completely ar-  
ranged.

Mr. Justice Brewer's sympathies al-  
ways were with the West. He dealt  
largely with railroad corporations and  
with corporations generally, and he  
will be missed on the momentous  
questions concerning the Standard Oil  
and tobacco cases now under consid-  
eration.

In his earlier days Mr. Justice Brew-  
er camped regularly in the Rocky  
mountains and was fond of outdoor  
life. He was a member of the old  
Field family, being a nephew of the  
late Associate Justice Stephen J. Field  
and Cyrus W. Field.

Mr. Justice Brewer's death raises a  
serious question in the court regard-  
ing the Standard Oil and American To-  
bacco company suits, and it is not im-  
probable that the cases will have to be  
retried, since there now remains but  
seven judges to pass upon them. Jus-  
tice Moody not having participated in  
the trials by reason of continued ill-  
ness.

David Josiah Brewer was born in  
Smyrna, Asia Minor, June 20, 1837, the  
son of Rev. Josiah and Amelia Field  
Brewer. He was graduated from Yale  
university in 1856, and the Albany  
Law school in 1858. He received the  
degree of LL. D. from the University  
of Iowa in 1884; Washburn college in  
1888; Yale in 1901; University of Wis-  
consin in 1900; Wesleyan university in  
1901; University of Vermont in 1904.

Mr. Justice Brewer was appointed  
to the supreme court by President  
Benjamin Harrison to succeed Justice  
Stanley Matthews, taking his seat Jan.  
6, 1890.

**PRAIRIE FIRE STILL RAGES**  
Destroys Practically Everything in Its  
Path.

Sturgis, S. D., March 29.—Word was  
brought here that a big prairie fire  
started Wednesday in the range coun-  
try seventy-five miles northeast of  
Sturgis. It has burned over a strip  
of country twenty by ninety miles  
and is still burning, headed towards  
Leslie. It has practically destroyed  
everything in its path, houses and  
barns. Hundreds of tons of hay  
burned and many horses and cattle  
were scorched. The blaze is supposed  
to have been started by a campfire.  
The loss cannot be estimated. Many  
new comers and old timers are home-  
less.

Close Contest in Des Moines.  
Des Moines, March 29.—By but six-  
teen votes, according to the unofficial  
returns, Mayor A. J. Mathis was re-  
elected over James R. Hanna, whose  
chief platform was municipal owner-  
ship of public utilities.

### WOMAN BURNED TO DEATH

Becomes Excited and Loses Her Life  
in Prairie Fire.

Richardson, N. D., March 29.—Mrs.  
F. M. Hanson is dead and thousands  
of dollars' worth of damage has been  
done as a result of prairie fires which  
raged near here last week.

Mrs. Hanson and several others  
were making their way to a pool of  
water for safety. She became excited  
and instead of running from the  
flames, ran into them. Her clothing  
took fire, and in spite of the efforts of  
Joseph Geiser, who risked his life to  
save her, she died of her burns a few  
hours later.

The town has been repeatedly  
threatened by the fires, and the fire de-  
partment has been in almost contin-  
uous service. Fires in other sections  
are reported.

### Breaks School's Traditions.

Wellesley, Mass., March 29.—The  
most sacred tradition of Wellesley has  
been broken. Into the classes of this  
institution, formerly exclusive to the  
female sex, there was recently admit-  
ted a young man, Dorian Hagopian. He  
is an Armenian, and it is said he  
comes of royal blood. He escaped from  
Turkey following the massacres at  
Adana, worked his way to this coun-  
try and finally settled in Wellesley.  
After working about the college  
one of the teachers became interested  
in Hagopian, and eventually the faculty  
gave him permission to attend the  
lectures and recitations in certain  
courses.

### Mayor Partly to Blame.

Calro, Ill., March 29.—Blame for the  
attack on the Alexander county jail  
Feb. 17, during which one man was  
killed and several injured, in an un-  
successful attempt to lynch two ne-  
groes, was partially laid at the doors  
of Mayor Parsons and the police de-  
partment in the final report of the  
special grand jury.

### King Menelik Not Dead.

Rome, March 29.—The report of the  
death of King Menelik of Abyssinia,  
which was said to have occurred Sun-  
day, is officially denied. A dispatch  
sent from Addis Abeba says that Em-  
press Taytu is still nursing the king,  
but that a regency has been constitu-  
ted and now is carrying on the govern-  
ment.

### Miner Commits Suicide.

Duluth, March 29.—Wallace Dilley,  
a miner, aged twenty-seven years, of  
Virginia, Minn., committed suicide by  
cutting his throat on the train that  
left for the north over the Missabe  
road. It is supposed he was insane,  
as he acted queerly since the death of  
his mother two months ago.

### Taft Dines With Classmates.

New York, March 29.—Sixty-five  
members of the class of Yale '78,  
among them the president of the  
United States, dined in private at the  
University club in New York. There  
were no set speeches and reporters  
were barred. Stanley W. Dexter pre-  
sided.

### Fire Loss Is Heavy.

Villisca, Ia., March 29.—Fire de-  
stroyed the L. Jack feed barn and ad-  
joining property, occupied by the Aus-  
tin & Figgins implement and plumbing  
houses. The loss is estimated at \$30,-  
000. The origin of the fire is not  
known.

### HUGE RAILWAY TERMINAL.

New Grand Central Station at Man-  
hattan to Have Four Train Levels.  
The tearing down of the Grand Cen-  
tral station at New York will begin  
within the next few weeks. In its  
place will rise the vast new Grand  
Central, which when all its appurte-  
nances are complete will have cost over  
\$100,000,000.

The new station, the train shed and  
network of trackage and switching  
leading into it will make this the big-  
gest in the United States of the sort,  
according to New York Central offi-  
cials, covering, as it will, over seventy-  
five acres.

One of its most interesting features  
will be the separation of its different  
services. Beneath the vast central  
train shed will be four different levels,  
among which trains will come in and go  
out above and below each other at the  
same time.

The top one will be a little above  
the street. Here baggage will be han-  
dled exclusively. On the level immedi-  
ately below will be the express trains  
with forty-two tracks. The suburban  
train level will be about thirty feet be-  
low this, with twenty-five tracks. Per-  
haps the most interesting thing about  
the new station is the deeply sunk  
fourth level, which is forty-seven feet  
below the street.

### Swore to Kill Ballinger.

Cleveland, March 29.—William  
Scheidtknecht, a Swiss, forty-six years  
of age, who asserted he was being  
forced by anarchists to assassinate  
Secretary of the Interior Ballinger,  
was arrested. He was committed to  
the state hospital for the insane. The  
man claims to have come from Paterson,  
N. J., where he says he had sworn  
to kill Mr. Ballinger.

### DENOUNCES THE WITNESS

Superintendent Hotchkiss Merciless in  
Grilling Buckley.

New York, March 29.—William H.  
Buckley had a most uncomfortable  
time of it in the fire insurance in-  
quiry. He was on the stand practical-  
ly all day.

State Superintendent of Insurance  
Hotchkiss was merciless in his exami-  
nation into the lawyer's services in  
connection with legislation at Albany  
for which Buckley received many  
thousand dollars from the fire insur-  
ance companies and once he de-  
nounced the witness bitterly.

Aside from Buckley's testimony, the  
most interesting incident of the day  
was the identification by George F.  
Seward, president of the Fidelity and  
Casualty company, of Edward A. H.  
Brown of Middletown, N. Y., as the  
man representing State Senator "Big  
Tim" Sullivan in 1892, who asked for  
\$10,000 on behalf of Sullivan to have  
a bill killed. This is alleged to have  
taken place in Sing Sing prison. Brown  
later denied that he ever had such  
a conversation with Seward or had  
ever seen him before.

### ROOSEVELT WILL VISIT THE WEST

Accepts Invitation to Attend  
Fair in Wyoming.

Washington, March 29.—Theodore  
Roosevelt will make a Western trip  
the latter part of August. The posi-  
tive information that he will visit the  
West came in the form of a cable-  
gram to Senator Warren of Wyoming.  
Warren had, on behalf of the state of  
Wyoming, invited the ex-president to  
attend the annual celebration that is  
held in Cheyenne each year in August.  
It combines a celebration of the state's  
admission into the Union and a state  
fair at the same time. Senator War-  
ren had invited Colonel Roosevelt to  
make the trip last year before he start-  
ed for Africa, but at that time the  
ex-president declined, but promised to  
make the trip some other year if he  
could. Senator Warren renewed the  
invitation again as soon as Colonel  
Roosevelt came within communication  
distance and asked him to fix the date,  
as the people would arrange for the  
show in either August or September  
to suit his convenience.

Roosevelt's answer read:  
"Pleased. Accept. Last week Aug-  
ust."

That settled the date for the Wy-  
oming show. There will be no ques-  
tion about the time of that event.  
Senator Warren made haste to notify  
his people, and they will make their  
plans accordingly.

Here in Washington the fact that  
Roosevelt will go West in the sum-  
mer at the beginning of the campaign  
for congress in the various states is  
looked upon as of the greatest im-  
portance.

### BEFORE THE VOTING BEGINS

Situation at Albany May Be Changed  
Either Way.

Albany, N. Y., March 29.—Doubt  
and expectation at the capitol on the eve  
of the senate's decision regarding Sen-  
ator Ben Conger's charges that Sen-  
ator Allds demanded and received a  
bribe is prevalent. While the result  
of the senate's vote has been predict-  
ed both ways before the voting begins  
the situation may become so nicely  
balanced that a little thing may shift  
the result either way.

Senator Brackett, who, during the  
examination of witnesses almost uni-  
formly sided with Conger's attorneys  
on questions of the admission of evi-  
dence, will read a brief explaining his  
vote.

While neither Allds nor Conger may  
vote on the question of sustaining the  
charges they are expected to be close  
at hand and one of Conger's friends  
asserted that Allds' accuser would be  
in the senate chamber during the vote.

### RAILROAD MEN MAY GO OUT

Thousands to Vote on Strike  
Proposition.

### REJECTED BY THE UNIONS

Negotiations at Cleveland End When  
Representatives of the Men Decline  
Counter Proposition Which Had  
Been Offered by the Railroad—Both  
Sides Willing to Compromise on  
Subject of Wages.

New York, March 29.—Following  
the line of action as taken in the  
Lake Shore and Michigan Southern, a  
subsidiary line, the New York Cen-  
tral and Hudson River railroad proper,  
having refused to meet demands for an  
increased wage, was notified that the  
Brotherhood of Railway Trainmen and  
the Order of Railway Conductors  
would immediately order a "strike  
vote" by the 5,800 members of these  
unions employed between this city and  
Buffalo.

Cleveland, March 29.—A strike vote  
was ordered on the Lake Shore and  
Michigan Southern railroad by the  
officers of the Brotherhood of Railway  
Trainmen and the Order of Railway  
Conductors. The order was issued  
following the breaking off of negotia-  
tions which have been carried on with  
the road for the past three days. About  
20,000 men are involved.

The end of the negotiations came  
with the rejection by the union offi-  
cials of a counter proposition which  
had been offered by the railroad. The  
original demands of the men were re-  
jected a couple of days ago.

### Break on Working Conditions.

The break occurred on the question  
of working conditions, both sides be-  
ing willing to compromise on the sub-  
ject of wages.

Vice President A. L. Gregg of the  
Order of Railway Conductors and Vice  
President A. F. Whitney of the Broth-  
erhood of Railroad Trainmen will open  
negotiations with the management of  
the Nickel Plate system in this city  
for a new working agreement pending  
the canvassing of the strike vote.

### FROM EFFECTS OF ARSENIC

Alexander J. Moody Said to Have  
Died.

Chicago, March 29.—That Alexan-  
der J. Moody, whose death on Feb.  
20 last was attributed to ptomaine  
poisoning, really died from the effects  
of arsenic, was the startling assertion  
made by Coroner Hoffman.

That the poison was contained in  
Hamburger steak eaten by the de-  
cent seems clear to the authorities,  
but the manner in which it was placed  
in the meat is a mystery which nei-  
ther the coroner nor the police have  
been able to solve.

While the coroner and Assistant  
Chief of Police Herman Schuetler de-  
clare that they accused no one, it is  
admitted that a woman of Mr. Moody's  
household, and one of his employees,  
have been under surveillance for a  
month.

### REVOLUTION NOT CRUSHED

Reinforcements to Be Sent to Nic-  
araguan Insurgents.

New Orleans, March 29.—The  
reinforcements which the insurgents' re-  
presentatives at New Orleans now  
plan to send to Nicaragua will be on  
a much more extensive scale than had  
been generally understood became evi-  
dent when General Victor D. B. Gor-  
don expressed a desire for American  
sympathy in the movement against  
the Madrid government. It is appar-  
ent that the revolutionists not only  
firmly believe that they can hold for  
some time what they may now call  
their own, but that they also look for-  
ward with confidence to ultimate suc-  
cess in reaching Managua and over-  
throwing Madrid. They now laugh at  
the assertion made several weeks ago  
that the revolution had been crushed.

### Des Moines Claim Dropped.

Washington, March 29.—The inter-  
state commerce commission dismissed  
another complaint of the Greater Des  
Moines committee, in which it was al-  
leged that rates from Des Moines to  
points west of that city are discrimina-  
tory in favor of Minneapolis. The com-  
mission says that sufficient evidence  
was not furnished to establish the  
claim of discrimination.

### Child Drowns in Rain Barrel.

Des Moines, March 29.—Goldie Dal-  
ton, two years old, the daughter of  
Mr. and Mrs. Avery Dalton, was  
drowned in a rain barrel at the home  
of her parents. The child was play-  
ing at a window above the rain barrel  
and toppled over.

### SENATOR BURTON.

Would Prevent Unfair  
Railroad Competition

### AMENDS THE RAILROAD BILL

Senator Burton Seeks to Prevent Un-  
fair Competition

Washington, March 29.—Through  
an amendment to the railroad bill just  
introduced Senator Burton seeks to  
prevent railroad companies from re-  
ducing rates for the purpose of crush-  
ing water competition by prohibiting  
an increase afterwards. The amend-  
ment would provide:

"That whenever a railway or rail-  
ways in competition with a water  
route shall reduce the rates on the  
carriage of any freight, it shall not be  
permitted to increase such rates un-  
less, after hearing by the interstate  
commerce commission, it shall be  
found that such proposed increase  
rests upon changed conditions other  
than the elimination or decrease of  
water competition and the said com-  
mission is hereby given the right to  
prescribe minimum railroad rates on  
lines competing with waterways  
whenever, in its opinion, the object of  
the railroad or railroads in reducing  
rates is to destroy waterways compe-  
tition."

### WILL WAIT UNTIL ALL AMENDMENTS ARE IN

Insurgent Senators in No Hur-  
ry on Railroad Bill.

Washington, March 29.—Insurgent  
senators who are opposing the ad-  
ministration railroad bill made it  
known that they will not continue the  
discussion of the measure until all the  
amendments which are to be offered  
by Senator Elkins and his associates  
have been introduced. By this they  
say they will outmaneuver the ad-  
vocates of the bill, who had planned to  
let the insurgents talk themselves out  
on the measure as reported from the  
committee and then spring their  
amendments when the insurgents  
were too weary to thresh the whole  
thing over again.

Senator Elkins approached one of  
the insurgent leaders and asked why  
the discussion of the bill was not be-  
ing continued.

"When are you going to be ready  
to talk on the railroad bill?" he asked.  
"When we know what we are talk-  
ing about," was the prompt reply,  
with the added explanation that the  
insurgents were not going to waste  
their ammunition on the bill as it now  
stands inasmuch as they have been  
told that a number of important  
amendments are to be offered by the  
senators who reported the measure.

It is expected that this will have  
the effect of hastening the introduc-  
tion of the administration amend-  
ments, as the bill has been before the  
senate for almost a month now and  
practically no progress has been made.  
The insurgents insist that they will  
not be placed in the position into  
which they were forced in the tariff  
debate last year, when important  
amendments were held in reserve un-  
til the senate and the country had  
been wearied with the prolonged dis-  
cussion, and then offered and forced  
into the bill in short order.

### Iowa Hunter Killed.

Sioux City, Ia., March 29.—Robert  
D. Harvey, aged forty-four, died as the  
result of accidental shooting. The  
charge from a shotgun in the hands  
of Gus Bergman struck him in the  
right leg, loss of blood causing death.  
Wilfred E. Boyd, another member of  
the party, was slightly wounded.

## TAFT ASKS FOR APPROPRIATION

### ILL TIMED APPLAUSE.

It Distracts the Players and Annoys  
the Audience.

Applause, the strongest tonic to the  
actor, sometimes annoys your true ar-  
tist. If it halts the action of the play  
too long or if it drowns the sentence  
just begun it is exasperation to the  
judicious in the audience. The bright-  
er the dialogue the more irritating is  
anything that distracts from it. It is  
the fashion at our theaters, especially  
on first nights, to greet each player  
vociferously in such a way as to mar  
the pleasure of the performance, if it  
contains any.

Here is a practice from which the  
thoughtless or the overenthusiastic  
should forbear. It may take the mind  
of the actor off his work in hand if he  
is the object of a great deal of ap-  
plause and may have the like effect  
on some who do not receive any such  
mark of esteem when others are get-  
ting a too generous share of it.

There is plenty of time between acts  
for this handclapping, which the play-  
ers can appreciate much better than  
when they are taxing their memories  
for the text of their parts and trying  
to concentrate on their work. It is  
not in good taste to approve with  
mere noise a scene or a situation when  
the enjoyment of it by one's neighbor  
may be heightened by the absence of  
such distraction. There is vast room  
for the improvement of general play-  
house manners, but inconsiderate and  
promiscuous approbation of acting  
while the story is flowing from the  
stage is one of the chief drawbacks to  
enjoyment of the drama. Encourage-  
ment by managers to such custom in  
the mistaken belief that it adds to the  
general pleasure of patrons is largely  
responsible for its increasing bane.—

### Fly Travelers.

Among the things that furnish occu-  
pation for the eyes and minds of tran-  
satlantic voyagers are the houseflies  
that accompany the great steamships  
from one side of the ocean to the  
other. In fine sunny weather the  
flies buzz cheerfully about sheltered  
places on the decks, and when the  
wind blows high they take refuge in  
cabins and saloons. Flies often re-  
main with the ship while in port and  
return with her on her next trip, thus  
crossing the ocean several times in  
succession and perhaps spending the  
entire season at sea.—New York Trib-  
une.

### Handicapped.

"Fain would I write a poem on the  
delights of fishing," sighed the poet,  
"but woe is me. I can't find a word to  
rhyme with angie worm."  
"But why use that word at the end  
of a line?" queried the friend.  
"Because," hissed the poet between  
his set teeth, "an angie worm is always  
at the end of a line."

And for an hour the silence was so  
still that one could have heard a pin  
drop.—Chicago News.

### An Old, Old Story.

"Yes, the first of every week I give  
my wife half my salary."  
"Well?"  
"And she gets the other half before  
the week is up."—Cleveland Plain  
Dealer.

### ELECTION IN MASSACHUSETTS

Said to Have Convinced the President

That the Country Refuses to Be  
Reconciled to the New Tariff Act.  
Reverts Significantly to a Passage  
in His Annual Message Sent to Con-  
gress at Beginning of the Session.

Washington, March 29.—Between  
the lines of a message the president  
sent to the senate asking an appro-  
priation of \$250,000 for pushing the  
work of the tariff board there is much  
more interesting and significant read-  
ing than in the text itself. The whole  
tone of the communication is regarded  
here as furnishing indisputable evi-  
dence that the president has read and  
pondered the returns from last week's  
election in the Fourteenth Massachu-  
setts district, when the Payne-Aldrich  
tariff act was the principal issue, and  
the Democratic candidate, who made  
his campaign in avowed hostility to  
it, was elected by over 6,000 plurality  
as against a Republican plurality of  
over 14,000 less than two years ago.  
This result has plainly taught the  
president that the country refuses to  
be reconciled to the new tariff act,  
notwithstanding his many speeches in  
defense of it, the last of which was  
made in Rhode Island the night be-  
fore the Massachusetts election, with  
the evident purpose of influencing the  
voters of the Fourteenth Massachu-  
setts district.

In this message to congress the  
president speaks very approvingly of  
the work of the tariff board created  
by the Payne-Aldrich act and urges  
that an appropriation of \$250,000 be  
granted without delay in order that  
the board may undertake and prosec-  
ute to a finish the larger and more  
important task of ascertaining the  
difference in the cost of production in  
the United States and abroad. In this  
relation the president reverts signifi-  
cantly to a passage in his annual  
message sent to congress at the be-  
ginning of the session, in which he  
said regarding the proposed investi-  
gation as to the difference in cost of  
production here and abroad:

Would Inform Congress.

"If the facts secured by the tariff  
board are of such a character as to  
show generally that the rates of duties  
imposed by the present tariff law are  
excessive under the principles of pro-  
tection as described in the platform of  
the successful party at the late elec-  
tion, I shall not hesitate to invite the  
attention of congress to this fact and  
to the secretary for action predicated  
thereof."

The progressive Republicans and,  
indeed, members of the senate gen-  
erally look on this recital of his utter-  
ances on the tariff in his regular an-  
nual message as

Said the poet Goethe, "I never had an affliction which did not turn into a poem." No doubt the best music and poetry in all literature had a like origin. If we could only know its whole story. It is universally true that poets "learn in suffering what they teach in song." Nothing really worth while in life's lessons comes easily and without pain and cost.

Various Organizations of the Parish Reported to be in Healthy Condition

The annual parish meeting was held at St. Paul's church last evening. The attendance was larger than it has been for several years. The reports from the various parish organizations showed the parish in very flourishing condition.

It was the unanimous wish of the meeting that the present rector should continue here.

The vestry elected are W. D. McKay, senior warden, and J. K. Pearce, junior warden. The vestrymen are T. T. Blackburn, R. R. Wise, W. H. Gemmell, John Lowey, G. W. Pippy and Clyde Parker.

The many friends of Rev. Mr. Alton are glad to learn that he will remain in this city another year.

Crow Wing county should not fail to attend the meeting to be held at the commercial club rooms tomorrow afternoon for the organization of a county development association.

A pretty wedding was solemnized last evening at the residence of Mr. and Mrs. A. P. Apgar, 119 3rd Ave., N. E., when their daughter, Florence A. Ebinger, was united in marriage to George A. Ebinger. The ceremony was witnessed by the immediate relatives of the contracting parties and a large number of intimate friends, taking place at 8:30. The bride was assisted by Miss Francis Ebinger, and the groom by Laurence Halliday, with the Rev. Chas. Fox Davis reading the lines of the short ring service of the Methodist Episcopal church and Miss Mabel Wickstrom presiding at the piano. After the ceremony a wedding dinner was served, the color scheme being pink and white.

Both of the young people are Brainerdites and are well and favorably known in the city. Mr. Ebinger is an engineer on the M. & I., residing at Bemidji, to which place the young couple went on the mid-night train and where they will make their future home.

**Success in clothes retailing now-a-days**  
means that the clothier meets the exacting requirements of two classes of men. That we are successful is due to our recognition of this fact. In good clothes there must be age fitness as well as good fit. There must be the difference in age-style, with a perfect uniformity of quality—workmanship. This difference is happily expressed in **Sincerity Clothes**

My Dear Sir:—

I received my suit and must say that I am highly pleased with same. I think that it is by far the best suit that I have ever had made, and I have paid as high as \$55 and \$60 for suits and had them made by the best tailors in large cities, and I have always counted myself as being more or less of a crank regarding the make up of clothes. I have had so many fellows in Duluth say that this suit looked good, that I think if you were here, I could get you quite a lot of business and among them was a good tailoring establishment here that pressed the wrinkles out of the suit and he commented upon the cut as being very good. You certainly shall have all my trade in the future.

Thanking you very much for getting it done so promptly, I am

**Feel Cranky? Blame the Liver**

Biliousness and headaches quickly cured by DR. A. W. CHASE'S KIDNEY and LIVER PILLS

When you feel irritable, cranky and downhearted, you can usually blame the liver, for there is no organ in the human body which so quickly throws the system out of sorts as a torpid, sluggish liver.

You don't need to be in the blues long if you know about Dr. A. W. Chase's Kidney and Liver Pills, for by their direct action on the liver they relieve promptly and prove lastingly beneficial.

One of the principal ingredients of this medicine is known to the medical profession as a specific for liver derangements. Quickly, naturally and certainly it awakens the sluggish liver and drives out the poison which causes headaches, biliousness, bodily pains, and a depressed feeling over the whole system.

Vigor, strength and good nature will return when the liver is set right by Dr. A. W. Chase's Kidney and Liver Pills. One pill a dose, 25 cts. a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

The Easter balls given Monday evening were both decidedly successful. The Bohemians proved themselves delightful hosts. The moonlight waltz, played by a phonograph placed behind an illuminated moon, proved a very fetching number. Light refreshments were served in the banquet room and everything merry as a marriage bell. Graham's orchestra furnished fine music and the hall was well filled with happy young people who enjoyed the affair immensely.

At Gardner's hall the members of Hose Company No. 2 were hosts and proved royal entertainers. The Brainerd City band furnished delightful music, prelude to the dance with a very enjoyable open air concert. The hall was crowded and it was declared one of the best balls ever given by the hose company.

## STORM REACHED WELL SOUTH

Considerable Rain Fell this Side of  
Bemidji and Much More  
Farther North

The crew of the Minnesota & International passenger train which came in from the north today noon report a very severe electrical storm at Kelliher last night. The storm struck that village about 9:30 o'clock in the evening and the heaviest part was about 10 o'clock. A restaurant owned by A. F. Wanagan was struck and while the building was not seriously injured Mr. Wanagan was badly shocked and was still dazed this morning from the results. The rain fell was heavy up there and reached some distance this side of Kelliher. The atmosphere here last night and all day today has had that oppressive feeling that is indicative of electrical and cyclonic disturbances and they will very probably be heard from in some part of the northwest.

## WARMEST MARCH SINCE 1858

Gen. C. C. Andrews, State Forestry  
Commissioner, Feels Serious  
Fires Will Result

Duluth News Tribune—Gen. C. C. Andrews of St. Paul, state forestry commissioner of Minnesota, arrived at the Spalding on his way to the Mesaba and Vermillion ranges on a general tour of inspection. He says that this is the warmest and earliest spring in Minnesota since 1858. The general says that March, 1858, was even more forward than the month this year, and that the farmers put in crops. General Andrews is feeling some anxiety about fires in northern Minnesota. Already there are some he says, in Cass and Crow Wing counties, but no damage has been reported. Unless rain comes soon the woods everywhere will be dry enough to burn rapidly.

Speaking of forest fires in St. Louis county, General Andrews said: "Last year 25 forest fires were reported in St. Louis county, mostly in dry weather in May and July and which burned over 3,000 acres of principally cut-over or brush land, doing damage to the amount of \$17,600. The worst fire was in the town of Fern, the damage reported being \$10,000.

"The present law of Minnesota prohibits setting fire to brush before it is piled and never in a dry season. A dry season would be when there has been no rain for two weeks. To set fire and let it run wild or when it is liable to endanger the property or lives of others, is a serious wrong. If the local fire wardens (town supervisors and clerks) will cause such negligence to be punished by vigorous prosecutions and exemplary fines, they will put a stop to forest fires. They should take a pride in having their towns free from such fires.

"Mayors of cities and village presidents are by law fire wardens, and they should use their influence and where practicable, active efforts to prevent forest fires.

"A few years ago during very dry weather in Morrison county two boys only six or seven years old, set fire to high grass so they could find a cow bell that had been lost. The fire spread over meadow and brush land a distance of 12 miles, over parts of three townships and destroyed hay of poor settlers to the amount of \$2,000. In Germany boys six or seven years old would have been taught in school, if nowhere else, the danger of setting such a fire.

"If we would have vacant lands occupied by good settlers we must suppress this bad habit of forest fires."

## PROFITABLE WORK

Some Good Gardener Could Do Well  
Going Out by the Hour in  
Brainerd

"I wish you would send me a man to spade my garden," said a well known business man to a Dispatch scribe yesterday. This led up to a talk about the possibilities of a reliable man working up a good clientele in this class of work. It was agreed by all present that a man who understood gardening and was willing to give a faithful hour's work for an hour's pay could build up a good business doing this work. Such a man could readily command from 25 cents per hour upwards and could get all of the work he could do throughout the summer months. Many if not most business men would be glad to hire some man they could depend upon to come at a fixed time and cut their lawn or take care of their garden. If anyone wants to take up this work the Dispatch will give him the name of the business man who first brought up the subject.

## How Good News Spreads

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c, satisfaction is positively guaranteed by all druggists. tss

## What do You think of Front-Laced Corsets?

If you have worn one, it is not necessary for us to ask the question. We know you are pleased with them, but YOU, madam, who have never worn one, what do YOU think of front-laced Corsets?

A child can see that they are easy to manipulate. They clasp in front and they lace in front; they give the sculptured back; dressmakers say that gowns fit better over them; physicians commend them because they naturally support the abdomen.

**The Gossard**  
CORSETS  
"They Lace In Front"

You may be told elsewhere that Gossard front-lacing corsets are not adapted to your figure, but a fitting is the test. Try one on and see. Others may offer you a front-lacing corset of some other make which they claim is just as good. A careful comparison will convince you that the "just as good" kind is never so satisfactory as the original. The difference between the original and the imitation is the difference between success and failure. Do not accept imitations, look at the label bearing the Gossard trade mark; its your protection. The Gossard only; there are nine models. There is a model exactly right for you.

"An infant in a Pullman car set up a loud wail and would not be comforted," narrates a high railroad official, "and I came forward and told the young mother that I had helped to raise five and that I thought I could secure a quietus. I put the little tummy across my knees and with a gentle jogging achieved beautiful results. 'Instead of giving me the credit I deserved some drummers in the car disapproved of my 'butting in.' 'At 2 a. m. the baby woke up and stayed awake and kept every one else in the car awake. Finally a gruff voice asked: 'Where's that infernal munched fool that put it to sleep this afternoon, I wonder?'"—New York Times.

## HIGH SCHOOL NOTES

The pupils of the Parochial school took the state examination at the Washington building on Monday and Tuesday.

The quarterly examinations are over and the pupils can be heard breathing a sigh of relief. Before the state examination in higher algebra Miss Mitchell said, "Mr. Cobb, some of these children are to take higher algebra and we have no questions." This is the first time and we hope it is the last that the noble and dignified body of seniors will be compelled to submit to such a statement.

The senior class held a class meeting on last Monday night. The reports of the various committees were submitted to the class and from the recommendations of the committees the class chose the marguerite as the class flower and green and gold as the class colors. A certain young gentleman of the class was not satisfied with having green for the class colors but wanted the shamrock as the class flower. We can "Thank God, however, that we are not all Irish," and that he did not get it. Class pins were selected also. They are to have a dark green background with letters in gold. After the selection the meeting adjourned.

Phoebe Chartier, one of the sophomore students, has withdrawn from school and will move to Fargo to gether with her parents.

The debater—"R. B. likes the lid on." Question—"Does he like the lid on?" Answer—"He does like the lid on."

This will be the last edition of the high school notes put on by the present editorial staff. We sincerely hope that the next editor will keep up the struggle for a gymnasium as the present staff and their predecessors have done. If this topic is not kept constantly before the public we can never hope to get any kind of a gymnasium. We have done our best to please everybody and if we have not succeeded we hope that those who were not pleased will pardon anything which was put in that offended them.

At the baseball meeting held the other night Dean White was elected captain and John Mahlum manager.

The notes are necessarily short and not as good as the editor would wish but the examinations took place and it was almost impossible to do anything with them at all. There will be no edition of the high school notes next week on account of Easter vacation.

Teacher—"What kind of an ablativus is 'it'?" W. B.—"It's an accusative."

S. S. in English—"Among his chief works were 'Promiscuous Unbound.' The Vergil class will begin Book VI, the Aeneid, soon after the Easter vacation.

E. S.—"The chief love songs of Burns were 'Auld Lang Syne,' 'My Hearts in the Highlands' and 'I Love Jean' and a few others.

Miss Semke has withdrawn from school.

The candidates for the B. H. S. base ball team held their first practice last Saturday evening. The boys were very much encouraged by the amount of material at hand and the outlook is certainly very promising at the present time for a good base ball team.

## TWENTY YEARS AGO

The starch factory at Princeton is a settled fact and now we expect that Hon. Robert Dunn will sell his newspaper and go to raising potatoes.

Mr. and Mrs. H. G. Ingersoll returned to their home in Wisconsin on Tuesday after a six months' visit with relatives in this city.

Mr. and Mrs. W. L. Fratcher left for their new home in Ft. Madison, Iowa, on Monday noon.

Mel Walker has closed his meat market at Staples and will start in a few days for Spokane Falls, where he has a position in a real estate office.

Mr. and Mrs. P. K. Johnson left for their home in Mankato on Monday after having spent the winter with their sons, Charles and Frank Johnson, of this city.

Dr. G. S. McPherson, of St. Paul, will arrive in the city on Monday and will assume his duties at the Sanitarium, Dr. Alport having resigned.

We are informed that G. S. Fernald will leave the city to assume a higher position with the Northern Pacific at St. Paul. The family will not leave for some time.

The property of the Water Power & Boom company was not sold Tuesday as advertised, because of a restraining order from the court. The date of the sale is now set for April 21.

Martin Hanson, a lumber jack, was found dead Wednesday at the foot of the stairs in the No. 1 restaurant and saloon. The man was under the influence of liquor when last seen and is supposed to have stumbled and fallen into the unprotected stairway.

Stubborn Mules are liver and bowels sometimes seem to balk without cause. Then there's trouble—loss of appetite—indigestion, nervousness, despondency, headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach & Liver remedy. So easy. 25c at all druggists.

## Embarrassing.

"Dear me, Tommy," remarked the young man who had been calling five years, "this is a fine thick rug in front of the sofa."

"Yes; pa gave it to sis," confided Tommy.

"Very nice of him, I am sure."

"Yes; he did it on your account, though."

"My account?"

"I should say so. Pa said he was afraid you were getting cold feet."

But just then a small boy was grabbed by a blushing young lady and locked in the basement.—Chicago News.

## What Bothered Him.

When Mr. Lamar as a member of Cleveland's cabinet went to Washington he wanted to find a suitable home. Among the numerous offers was one from Mrs. Dahlgren, who was anxious to lease her beautiful residence for a long term. After expatiating on its numerous advantages the lady quoted the price for annual rental at \$7,500 and said, "What do you think of it, Mr. Lamar?"

"Well," said he gravely, stroking his chin, "I am only wondering how I can manage to spend the other \$500 of my salary."

## MUSIC AND DRAMA

In David Belasco's "Girl of the Golden West," which will be presented here by his own company at the opera house soon, there is a great bar room scene and in that scene there are character types of the rugged west presented with absolute truth and fidelity, and many thrilling and realistic situations.

## "Wildfire"

"Wildfire," the clever racing comedy, which comes to the opera house Friday, April 1, with a splendid cast and the original scenic production, is one of the best laughing shows on the road today. Comedy predominates, although the big thrill is pre-eminent in the great second act, when the sporting widow sends Wildfire in to win in spite of the conspiracies woven by crooked betters.

## "The Virginian"

What is the name of the hero of Owen Wister's successful novel, "The Virginian?" That is a question which is asked by everyone of the million people who have read the book and by the millions of others who seem likely to do so. The late Kirke La Shelle, who, with Mr. Wister, prepared the stage version of the story, does not attempt to answer in the play. The principal character in the book and play is known as "The Virginian;" that is all. Mr. La Shelle may have had his own idea as to the identity of the Virginian, and he may have had a private hint from the author. The main point is that the interest in kept up from rise to fall of curtain and that every character is as clearly drawn in the drama as in the novel. The play will be the bill at the opera house April 4th.

## Tales Out of School.

Suitor—I suppose your father is altogether taken up with business?  
Her Little Brother—Yes, dad thinks of nothing else. That must have been why ma said to sister last night that if you meant business it was about time you talked to papa.—Brooklyn Life.

**YOUR LAME BACK**  
**WILL FEEL FINE**

Out-of-Order Kidneys are Cleaned and Regulated and Bladder Misery Vanishes

## COMPLETE CURE IS WAITING

Just a Few Doses Now Will Make Your Entire Kidney and Urinary System Act Fine

The most effective and harmless way to cure backache and regulate out-of-order kidneys, or end bladder trouble, is to take several doses of Pape's Diuretic.

You will distinctly feel that your kidneys and urinary organs are being cleaned, healed and vitalized, and all the miserable symptoms, such as backache, headache, nervousness, rheumatism and darting pains, inflamed or swollen eyelids, irritability, sleeplessness, or suppressed, painful or frequent urination (especially at night) and other distress, leaving after taking the first few doses.

The moment you suspect any kidney or urinary disorder, or rheumatism, begin taking this harmless preparation as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a 50-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Don't be miserable or worried another moment with a lame back or clogged, inactive kidneys or bladder misery. All this goes after you start taking Pape's Diuretic, and in a few days you feel and know that your kidneys, liver and urinary system are healthy, clean and normal, and all danger passed.

Accept only Pape's Diuretic—fifty cent treatment—from any drug store—anywhere in the world.

We recently had the good fortune to purchase several hundred 5-shot Repeating Army Rifles at a tremendous sacrifice, that were used only in drill work and are practically as good as new, costing many times the price we offer them to you, in stupendous quantities.

We guarantee them to be in perfect working order, as they were used only in regular army service, where scrupulous care of arms is demanded.

Every gun made under Government supervision. Magazine under barrel holds 5 cartridges; only three movements to load and fire; equipped with adjustable, long range, left sight and bayonet.

This is the greatest gun bargain ever offered. While they last we will offer you this wonderful, high-powered, repeating rifle (one gun only to one person) for the ridiculously low price of \$3.50.
